HANGARAM AGRI
Agrow

Specialist Manufacturer of Nutrient Feeders · Fertigation Units · Integrated Climate Controllers

Founded 1995 · Wonju, Gangwon · Exporting to 17 countries

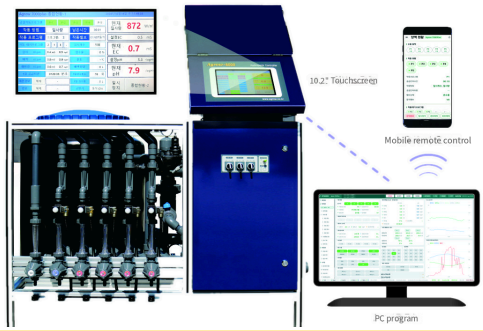

Agrow Nutrient Feeder

Hangaram Agricultural Development is a specialist manufacturer of agricultural equipment: Agrow soil fertigation units, nutrient feeders and the A⁺-Green integrated climate controller. We have continued R&D since 1995 and now export to 17 countries. Every product is released only after field-proven testing on working farms.

Agrow-7000 Plus

HPA-7000 PLUS

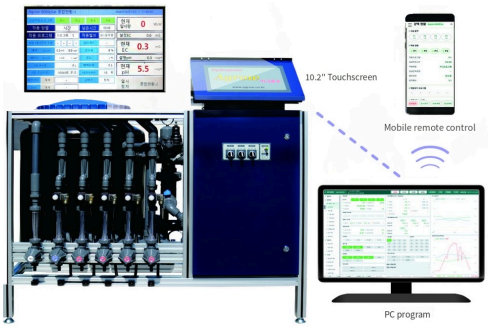

5 independent programs · 6 nutrient solutions (A–F)

- **10.2" touchscreen**, PC & smartphone remote control, 10 channels
- 3 solar-radiation programs / 2 for moisture & external sensors
- **Compound proportional control**: per-nutrient 10–90% ratio supply
- Raw-water flush per valve after irrigation, per-valve delay time
- Mixing-tank drain & nutrient re-formulation on crop change
- 16 irrigation zones, 2 EC & pH sensors each as standard (control + monitoring)

Agrow-6000 Plus

HPA-6000 PLUS

4 independent programs · 4 nutrient solutions (A–D)

- **10.2" touchscreen**, PC & smartphone remote control, 10 channels
- 3 solar-radiation programs / 1 for substrate moisture & external sensor
- **Substrate moisture control**, substrate temperature display, weight control
- Raw-water flush per valve after irrigation
- 1-year storage & review of average EC·pH for 16 valves
- 16 irrigation zones, 1 EC & pH sensor each as standard

Agrow Product Lineup

Model	Model No.	Type	Key Features
Agrow-5000 Master	HPA-5002	Nutrient feeder	7" touchscreen, 3 independent programs, 12 irrigation zones, continuous mixing
Agrow-5000 Magic	HPA-5001	Nutrient feeder	7" touchscreen, 3 programs, cumulative solar-radiation control, 12 irrigation zones
Agrow-2000 Star Type A	HPA-2005A	Fertigation unit	Direct supply, independent EC control for 12 zones, 7" touchscreen
Agrow-2000 Star Type B	HPA-2005B	Fertigation unit	Mixed supply, built-in raw-water supply before/after irrigation
A⁺-Green	HPAG-8001	Integrated climate controller	Greenhouse integrated climate control, linked with nutrient feeders, mobile & PC link

Official Tests · Korea Agricultural Technology Promotion Agency (KOAT)

	Model	Performance test	National standard test	Issue date	Result
KOAT Performance test & National standard test	**Agrow-7000 Plus**	26-KOATMP-344	26-KOATMP-345	2026.10.12	**Passed**
	Agrow-6000 Plus	26-KOATMP-215	26-KOATMP-216	2026.07.29	**Passed**
	Agrow-5000 Master	26-KOATMP-152	26-KOATMP-174	2026.07.01 / 07.20	**Passed**
	Agrow-5000 Magic	26-KOATMP-213	26-KOATMP-214	2026.07.29	**Passed**

※ National standard test basis: KS B 7952:2022 · KS X 3288:2022
